

Acknowledgements

The Agrotop Foundation would like to express its sincerest thanks to:

EUPIC Irene Zyhang

and

In2Win Żaneta Berus

for the opportunity to participate in the EU-China (Wuxi) Industrial Innovation & Cooperation Conference and, above all, for the flawless and exemplary organization of the event and the leadership of the Polish delegation.

Any complications and everyday obstacles on site were solved in the "Speed China" mode.

This is exactly how you can imagine a perfectly refined logistics fair.
We express our sincere desire to take part in future fairs that would look like this.
