Poznań, 14.11.2023

I would like to sincerely thank In2Win Żaneta Berus for the professional organization of an economic mission for 20 Polish companies at the 2023 EU-China (Wuxi) Industrial Innovation & Cooperation Conference. Working with the In2Win Żaneta Berus team was not only a pleasure but also an invaluable professional experience. From the initial planning stages to the execution of the trip, everything went smoothly. Attention to detail, flexibility in responding to changing needs, and effective communication were key to the success of our journey. We particularly appreciate the effort put into ensuring comfortable travel conditions, accommodation, and tailoring the agenda to our individual needs. We are deeply grateful for creating such a conducive environment for valuable business connections and knowledge exchange. In2Win Żaneta Berus demonstrated not only professionalism but also an understanding of the specifics of our industry, which significantly contributed to the success of our participation in the conference

Sincerely,
Aneta Sawikowska, Ph.D., D.Sc., Associate Professor
